REACH COMPLIANCE

ELBAG are aware of the obligations inherent to the REACH European Regulation and declares to proceed to a constant watch. ELBAG will inform without delay their Customers of any possible event that could have an impact on the use of any article supplied, namely a new substance utilized or a new Candidate List containing new items utilized by ELBAG in their manufacturing.

In particular ELBAG declare that:

ELBAG will take any necessary measure in order to ensure the compliance with the Reach Regulation of articles supplied to its Customers

ELBAG verify that its own suppliers (being only European) will support their pre-registration duty;

The articles supplied are not subject to restriction or, otherwise, ELBAG will immediately inform the Customers

ELBAG will take all the necessary measures in order to provide the Customer with correct information about the articles supplied, and in order to satisfy any obligation, especially as far as SVHC substances (if any) are concerned

ELBAG declares that none of the SVHC Substances acc. to:

- Reach Regulation - art. 33-1
- successive add-on's up to JUNE 20th, 2016,

are contained in standard production articles, and that therefore the Table of Articles Containing SVHC Substances (Reach 169) is not attached to the present Declaration.

The Company guarantees the correctness of the present information.

Milan, April 2017

For and on Behalf of ELBAG SIMP S.r.l.
