RoHS Compliance Products made by EL BAG SIMP SRL are comply with RoHS Directive (EU Directive 2002/95/EC and subsequent amendments). RoHS COMPLIANT means that the substances restricted by the EU Directive 2011/65/CE and subsequent amendments of the European Parliament are not contained in a finished product above threshold limits stated below, except at trace level due to unintentional impurities.

REACH Compliance The REACH Regulation nr. 1907/2006 of the European Community, concerning the registration, the evaluation and the authorization of the chemical substances, has come into force since 01/06/2007. The instructions of the regulation provides that who produces or imports from Extra EEC Countries a substance as such or contained in a preparation or in an article in a quantity equal or higher than 10 tons/year, is obliged to register it at the responsible European Agency (ECHA) with timing and modalities defined by the regulation itself, depending on both the quantity and the risk factors. The preparations needn't be registered but the substances they contain must be registered in accordance with the regulation instructions. EL BAG SIMP SRL is therefore not obliged to register its products. ELBAG SIMP SRL takes on also to assure itself and its customers that the substances contained in its own products will be pre-registered and/or registered. To do that, we have taken the following actions to achieve REACH-compliance: 1. We request at all of our suppliers a declaration for compliant to REACH and an assurance of pre-registered all affected substances 2. We use only materials where no substances of very high concern (SVHC) are present. Our suppliers have confirmed that the necessary raw materials will be available under REACH. We can confirm that our products are made with raw materials that do not contain any of the SVHC included in the candidate list which has been published on January 12th 2017 as part of their formulation.

Disclaimer: The information above is accurate to the best of our current knowledge, but given without any guarantee.

EL BAG SRL does not make specific controls on raw materials and on the finished product, so it is conceivable that some of the substances listed in the regulations mentioned may be present as impurities

not intentionally added. EL BAG SIMP SRL does not guarantee compliance with REACH and RoHS directives of the products we acquired from third parties
